Testimonials.

We, the undersigned Physicians, practising in the city of San Francisco, have examined the result of the analysis made by Dr L. Lansweert, Practical Chemist, of the Napa Soda Springs of Napa. The water, according to this examination, possesses aperient antacid and fine properties, which cannot fail to be very beneficial in the treatment of chronic diseases, and affording a pleasant, healthful and invigorating beverage.

Taxation.

The people of the Mainland are enjoying the luxury of a dose of fresh taxation; and we hear they are making wry faces over it. At once and for the first time the Wild Land Tax and the Road Tax have fallen upon them. These two taxes together make a heavy charge, from six to eight cents an acre, in some instances even more, upon such lands as fall under the operations of the respective Acts which impose them. The first of these taxes is an "ad valorem" one or one per cent. on the assessed value of the land. The second is a specific tax of two dollars for the first ten acres, or under, and four cents for every acre over the ten. On 160 acres, the size of a claim west of the Cascade Range, this tax amounts to $8 a year. On 320 acres, the size of a claim on the east of the Cascade Range, it amounts to $14 40. The two together make a very considerable tax upon land. In so far as the former is concerned, we shall not be expected to feel much sympathy for those who fall under its operations, inasmuch as it is designed to catch the speculator, the man who buys up wild lands and holds them for purposes of speculation. But, in order to be quite just, and we desire to be just even to him, the speculator ought to be able to realize that he directly shares in the expenditure of the revenue therefrom accruing. The true theory of a Wild Land Tax is really this: The land is compelled to contribute its quota towards defraying the expenses of road and other local improvements whereby its value is being constantly enhanced, so that the holder may not be in a position to profit by the toil of his neighbor (the actual settler), without contributing something towards improvements which must inevitably increase the value of his estate. So long, therefore, as the principles upon which the tax rests are not violated, so long as the owner receives anything like an equivalent in the form of roads, bridges, etc., in the neighbourhood of the land in respect of which the tax is paid, there does not appear to be any real grievance to complain of; and let this constitute an answer to the communication of our correspondent "Alpha," which it has been thought unnecessary to publish. With respect to the latter, the principle of collecting a Road Tax was first introduced in the then separate Colony of Vancouver Island, some thirteen years since. The theory of this tax seems to have been substantially as follows:—The want of roads in the rural districts was felt, and the settlers applied to the Government. The latter said, "Help yourselves, and we will help you. For every dollar you raise amongst yourselves, we will contribute one from the general revenue." Carrying out this idea, an Act was passed enabling the settlements, by a two-thirds petition, to become Road Districts, in order that the road tax might be collected from all comprised within such districts, including absentee land-owners. Under this provision a number of settlements did petition to be created, and were created, Road Districts; and in these the tax continued to be collected and, duplicated by the Government, expended in the respective districts with more or less satisfaction to the people directly concerned. This is the position in which last session found matters. During last sesssion, the Government brought in a Bill which extended the operations of the Act over the Mainland and denuded the law of the voluntary principle, empowering the Governor in Council, by proclamation, to create any portion or portions of the Mainland into a Road District or Districts, without any reference to the wishes of the residents; and those who have read the *Gazette*, or, rather, those who have been called upon to pay the tax, will know how very quick the Government were to exercise the taxing power taken by them under the Act of last session. There would, perhaps, be little ground for complaint in all this, provided the original spirit of the law were present in the administration of it now. But such would not appear to be the case. Not only has the law been divested of the voluntary principle, but the object of the tax seems to have been wholly lost sight of, and the proceeds are dumped into the Provincial exchequer with as little compunction as if the money were really a part of the general revenue, and, apparently, without any regard whatever for the special claims of those from whose pockets it has been taken. In truth, the term "Road Tax" has come to be a misnomer, and should be dropped. The people on the Mainland complain, not so much because of the enforcement of these taxes, as on account of the fact that the proceeds are not devoted to the object intended. They complain less on account of this fresh taxation than because no equivalent accompanies it. Instead of having larger appropriations for their roads since these new road taxes have been imposed they, in reality, have less, and it is scarcely surprising that they should grumble. But, then, the tax-payers ought not to forget that there are more portfolios and more Ministers to be maintained now; and it takes money to do that. As the Premier put it, last session, large salaries are necessary in order to keep up the dignity of Ministers, and many Ministers are necessary in order to have a strong Government. The people must remember that they "cannot keep their cake and eat it." They cannot have additional Ministers and have the revenue available for road-work. Of the two they have chosen(?) the Ministers, and must let roads go by default. There is one interest, by no means a small one, beyond the Cascades injuriously and, as it appears to us, unjustly affected by these taxes. We allude to the pastoral interest. But time and space admonish us that a discussion of this branch of the subject must be reserved for a future article.

A Warning to the Inhabitants of Victoria and Vicinity.

FOR TWO YEARS PAST WE HAVE offered to supply your leading Butchers with meats from one to two cents per pound less than they have paid other parties. For certain reasons they have spurned our offers. These reasons have worked detrimental to your interests as well as ours. We have now made arrangements to supply one of your worthy citizens, Mr. John Parker, with meats for your market, when he cannot purchase a sufficient supply on your Island and at prices to compete with other firms. We think you will all be able to discern a marked difference in the prices which he will ask from those which you have had to pay for the past few years.

We wish to warn all persons who desire meats at reasonable rates against entering into any contract with other parties until they have learned the prices which Mr. Parker will ask.

Very respectfully,

BOOTH, FOSS & BORST.

REV. W. M. PUNSHON.—This celebrated divine preached his first sermon after his return to England, in the Wesley Chapel, City Road, London, on the 10th June, to a congregation of four thousand. Long before the doors were opened the space in front of the edifice and the street were crowded with people, and at two o'clock, when the doors were opened, the anxious concourse, all of whom had provided themselves with tickets, rushed in, and at a quarter past two every seat and nook in the aisles and by the doorway were filled so that even standing room was not obtainable. The Toronto *Globe's* own reporter sent a report of the sermon, which fills three columns of that paper.

LIBERAL OFFER.—The committee of citizens of La Connor, W. T., a town lying directly opposite Victoria, and until recently known as Swinomish, appointed to negotiate with the N.P.R.R. Co. for the location of the terminus at that port, have received a definite proposition from a party of unquestionable responsibility, to build, equip and put in running order, on or before the first of January next, a railroad to connect with the Northern Pacific near Tacoma, for a specific subsidy or bonus, less in amount than is already pledged to the Northern Pacific Company for the termiuus.

"FIGHTING THEIR BATTLES O'ER AGAIN.' A San Francisco dispatch of the 5th states that on the occasion of the 4th of July procession, old feuds were revived between the German and French. Military companies on both sides refused to salute the opposite colors. The Garde Lafayette (French) and German Fusileers were ordered from the line of procession and dismissed. Trouble is likely to ensue from the fact.

IN THE MARKET.—The scheme of the British Columbia Colleries Company, capital £150,000 in 15,000 shares of £10 each, has been placed in the London money market. Amongst the Directors we observe the name of Mr. Sproat, Agent-General for this Province in England. The company propose to acquire the Baynes Sound Coal Company's land on the East Coast of this Island.

FIVE, SIX AND SEVEN.—Intelligence reaches us through a channel that leaves little room for doubt that it has been finally decided to create a fifth portfolio, give the sixth seat in the Cabinet to the junior member for Yale, and create a seventh seat, as intimated by the Premier on the 6th of January last. At another time we shall have something to say about these changes and about the peculiar claims of the junior member for Yale.

PASSENGERS BOOKED. — The following passengers are booked by the steamship Prince Alfred: Mrs. Ray and child, Miss Ray, Miss S. Ray, V. Ray, Geo. Raymur, Capt. F. G. Fry, wife and child, G. Promis, wife and 4 children.

LOW RATES.—As a result of the opposition by the English company to the Pacific Mail Steamship Line to China, steerage fares have been reduced to $40. Still further reduction is expected when the German line starts

GENEROUS,—The owners of the Prince Alfred brought the carbolized hose for Fire Department free of charge for freight.

THE schooner Favorite made the run from Victoria to San Francisco in 6 days.

Puget Sound.

The first number of the Bellingham Bay *Mail* has appeared.... A telegraphic dispatch from Fidalgo Bay says that on the morning of July 5th G. N. Crandall, while out hunting cattle with his dog, accidentally stepped on some lines connecting with a gun loaded with buckshot, set for deer; the gun was discharged killing the dog and lodging part of the charge in Crandall's legs, breaking one of them. ....The Terminus still "stops the way."

CITY POLICE DOING PROVINCIAL DUTY. We referred yesterday to the City Police having been sent nine miles out of town to arrest deserters from H.M.Ships. They were allowed to go there by the Mayor from a feeling of consideration for the Fleet, because the Provincial Superintendent of Police when applied to for a force replied that he had none at his disposal. Why he did not go himself remains to be explained; but it is quite true that the Provincial Government has not on the Island of Vancouver a single policeman (save Mr. Sullivan and the chaingang guard) to perform the most ordinary service. Even the Esquimalt policeman has been brought to Victoria; and were a row to break out at that town, or a wholesale desertion of sailors to take place, there would not be the slightest semblance of civic authority to prevent either. The practice of sending City policemen to do Provincial duty, is illegal, and cannot be continued without calling forth a vigorous protest from the ratepayers.

CORMORANT STREET. — The grading of this street in the upper part is approaching completion. The present level leaves the sidewalks and houses up in the air and suggests the advantage it would be should the engineer of the Corporation strike upon a grade for every street, so that a property-holder wishing to build a substantial house would know at what depth to place the foundation of his future residence.

FROM NANAIMO. —The stmr Sir James Douglas arrived yesterday evening at 5 p.m. She brought down 14 passengers, H.M.Mails, some farm and diary produce, 14 pigs, one cow and 2 calves. The Star of Jamaica sailed the day before yesterday and was towed out by the Isabel. Among the passengers we noticed Mr. J. Bryden, Rev. Mr. Sexsmith, O'Donnell, Miss Beaumont, C. A. Alport, Miss Bate, Mr. Bain, Dr. Davie, Mr. Bickersteth.

EX-MAYOR FRANKLIN.—We are sure that all who knew him will share with us the keen regret we feel in stating that this gentleman is lying paralyzed at San Francisco with little or no hope of recovery. Mr. Franklin was one of our earlest and most valuable citizens, and his departure from our midst has always been much regretted.

A NEW STYLE OF PIANOS.—Hibben & Co. have imported a sample pianoforte constructed on a German improvement of the old style of cottage pianos. In it the strings of the grand piano are arranged vertically instead of horizontally. The piano is manufactured by Messrs. Holling and Spangenberg of Leipzig.

NORTH COWICHAN. — The following named candidates were elected Councillors of the new Municipality of North Cowichan: W. Drinkwater, E. Mariner, John Flett, H. Fry, T. J. Skinner, H. Davie, W. D. Lomas.

FROM PUGET SOUND. — The steamer North Pacific Capt. Starr, arrived yesterday st 2 p.m., with the mails, Wells, Fargo & Co's express, about 40 passengers, and 96 sheep.

THE Court of Revision on the Municipal real estate assessment roll sat last evening and heard a number of appeals, and adjourned until Thursday next the 17th inst. at 7:30 p. m.

THE mail per Prince Alfred will close to-day at 5 p. m. The Express at 6¼ p. m.

A BABY SHOW, with 300 entries, has commenced at San Francisco.

THE steamship Prince Alfred will leave for San Francisco at 7 p.m. to-day.

H.M.S. REPULSE.—A large mail for this ship came by the Prince Alfred.

THE last run down of the Prince Alfred was made in 76 hours.

European Mail Summary.

A memorial statue of the late Earl of Derby was formally unveiled at Preston, in the presence of between 20,000 and 30,000 persons. The present Lord Derby made a brief speech, and again spoke at a public luncheon. A memorial statue of the late Sir R. Peel was also publicly exhibited for the first time at Huddersfield yesterday. Lord Houghton delivered a speech, in which he dwelt mainly upon the benefit which Sir R. Peel had conferred on Great Britian by the abolition of the Corn Laws.

A fish dealer drowned himself in the Thames at Kingston, leaving a note, in which he attributed his death to the Chancellor of the Exchequer, who had run over him with a bycicle, and made him, as he considered, insufficient compensation for the severe injuries he sustained.

A Parisian restaurateur has just found in the maw of a salmon a diamond ring of great value. This reminds one of the fortunate rope-maker in the "Arabian Nights."

Bell's Life states that Capt. Machell has offered 8,000 guineas for Doncaster, the winner of the Derby, but Mr. Merry has refused the offer. Doncaster will be reserved for the Prince of Wales' Stakes at Ascot.

The recent strike and advance of wages in the iron trade have had the effect of greatly diminishing exports from Great Britain, and a large contract for railway axles from the United States has been effected by one of the principal English lines.

The women sentenced to imprisonment by the magistrates at Chipping Norton were released, their terms of punishment having expired. They were escorted to their homes in triumph by a great crowd of sympathisers.

Earl Fitzwilliam having closed his colliery at Low Stubbin, in consequence of various attempts to compel him to discharge a man who refused to join their association, the colliers apologized for their conduct, and asked for reinstatement. Lord Fitzwilliam, after a lengthy explanation of his view of their conduct, postponed his decision.

A petition in bankruptcy has been presented against Mr. Geo. Odger, the well-known Republican orator. The petitioning creditor is the proprietor of the *London Figaro*, against whom Mr. Odger recently brought an action for libel in which he was successful.

The trial of the Tichborne Claimant continued. Among other witnesses who knew Roger Tichborne at Stonyhurst, Lord Bellew was called, and repeated his account of the tattooing of that young man's arm Upon cross-examination the witness was compelled to make some very disagreeable admissions affecting himself, but having no relation to the case under trial.

Dominion Mail Summary.

The Toronto *Globe's* London cablegram gives the debate in the British House of Commons on the Canadian guarantee (already published in these columns) and adds:—The Press comments unfavorably on the measure. The *Times* says it is unpleasant to call it bribery, but regrets the guarantee will enable the Canadians to waste millions on a wild enterprise. The *Daily News* thinks the acceptance of the guarantee lessens the dignity of Canada. The *Standard* considers it vain in Mr Gladstone to insist that the guarantee is neither hush money nor bribe. The *Globe* says the arrangement reflects discredit on the Government.

An attempt is being made to call a general meeting of the Press of the Dominion at Ottawa on the approaching meeting of Parliament, for the purpose of organising a Canadian Associated Press Dispatch Association. The scheme receives public favor here, and circulars are being printed and sent out to the newspapers all over the Dominion.

Professor Bell has proceeded to the Northwest Territory for the purpose of geological exploration and examination. In alluding to this the Toronto *Globe* characterizes the mission as the most important that has engaged the attention of the Geological Department since its establishment. It is intended that this survey shall extend over two years and the most important results, both as to coal and gold, are anticipated.

OTTAWA, June 25.

Mr. Robert Sparks, P.L.S., the winner of the great walking match from Arnprior to Ottawa, a distance of forty-two miles, is about to be presented with a testimonial by his admirers here, he being a native of this city. The testimonial takes the shape of a handsome gold watch and chain.

Pace has challenged Sparks to walk another forty mile match for $500. Sparks declines, as he says he only walked before to stop Pace's bragging.

Sir John and Pope are the only ministers here now.

Eddy's mills are running again as usual. His difficulties are said to be only temporary.

A proclamation is published fixing the 1st July next, upon, from and after which the 1st, 2d, 3d and 4th sections of the Act passed by the Canadian Parliament relating to the Treaty of Washington should come into force.

There also appears a dispatch from Gov. Trutch, of British Columbia, enclosing a minute of the Executive Council, in which are conveyed, on behalf of the Government and people of British Columbia, the pain and regret occasioned throughout the Province by the announcement of the decease of Sir George Cartier. "I beg to be allowed to avail myself of the opportunity," Gov. Trutch adds, "to express my individual sense of deep grief at the death of one so highly esteemed, and my mournful appreciation of the public loss suffered by the country through a dispensation of Providence by which Canada is deprived of so valued a citizen, and the crown of so eminent a servant."

Letters have been received from the Hon. Wm. Macdougall, Special Commissioner of Emigration in Europe. He was still at Copenhagen, but had visited many of the capitals of Europe in the prosecution of his labors, which have borne good fruit. He expected to return to Canada in August next.

Mr. W. C. F. Robinson, who has filled the office of Lieut.-Governor of Prince Edward Island for some years under the Imperial *regime*, has been continued in that office under Confederation.

The *Noveau Monde*, a well-informed Quebec journal, says Sir Hugh Allan has neither failed, nor completely succeeded. The *Journal de Quebec* intimates that further guarantees will be demanded; and the Montreal *Herald* thinks the Canadian Government will be asked to guarantee the whole loan and predicts that, when Parliament meets in August, it will sit longer than the Premier anticipated.

An effort will be made to have "Logan's Farm" handed over to Montreal for a public park. Logan's Farm is Imperial property, having been purchased for defensive purposes some thirty years ago, and it appears that Sir George Cartier had intimated that he would endeavor to get it for the Corporation. Subsequent events, however, fully absolved him.

The Hon. T. N. Gibbs' canvass in South Ontario was proceeding at a lively rate. The Grits are putting forward their strength. Messrs. A. Mackenzie and E. B. Woods, (the Spittoon hero) were actively stumping the constituency. The latter gentleman designates the Canadian Pacific Railway, "The mad scheme of a mad Government." If one may judge from the tenor of the respective journals, both parties are certain of success!

She managed to reach the depot and told what she saw and the obstructions were removed. The assailants robbed the woman of nearly four hundred dollars and her satchel which contained it was found with the following note attached: "We made more money than we should if we had thrown off the train, you fool!"

The Government of Honduras had been overthrown by them, and a new one installed. Palacios and his followers were marching on Guatemala, and if they succeed in entering that Territory in two or three days' march, they are almost certain to overthrow the existing Government of President Barrios, and to reestablish the Jesuit or Church Party.

Chile.

THE EARTHQUAKE IN VALPARAISO.—Several shocks of earthquake were felt at Valparaiso and other parts of Chile on the 15th of May last, which diffused a general terror. "The ground," says the *W. C. Mail*, "literally danced under our feet. "It commenced at 12:31 p.m., and lasted forty-two seconds. The motion was vertical. Several persons were hurt and killed, especially among masons, carpenters and others who leaped off the scaffoldings on which they were at work. The Church of the Apostles was injured, and the Merced is in a dangerous state, as well as a great many other public buildings which are more or less damaged.

Death of the Countess Teresa Spaur.

From Vienna is announced the death of the Countess Theresa Spaur, whose name may possibly be remembered in connection with that of his Holiness the Pope, who, at the outbreak of the revolution at Rome in November, 1848, after the assassination of Count Roosf, escaped in a private carriage and made his way to Gaeta, the first town in the Neapolitan territory. The Countess just deceased was the lady who, at no little personal risk to herself, conveyed the Pope safely out of Rome on that occasion, disguised—so runs the popular story—as a footman, or, according to the better information of Sir George Bowyer, as her domestic chaplain. Pope Pius has always regarded her good offices with grateful recollection; and we believe her last two hours were gladdened by the benediction of his Holiness.

And any person or persons neglecting or refusing to comply with the provisions of this Section, or of any order made in pursuance thereof, shall, upon conviction, be liable to a fine not exceeding Twenty Dollars.

3. No person shall throw or cause to be thrown, or deposit on any of the footpaths, sidewalks, highways, streets, thoroughfares or any public place within the City limits, any rubbish, filth, ashes, offal, of any kind or any substance which may be considered a nuisance by the Mayor and Council aforesaid, under a penalty not exceeding Twenty-Five Dollars or Ten days imprisonment at discretion of any Justice of the Peace, before whom such offender shall be tried.

4. No person or persons shall interupt any highway or Public thoroughfare within the City limits, by erecting thereon any fence, building, barricade, or obstruction of any nature or any kind, or break up or disturb the surface of any Public street or highway unless by permission of the Mayor and Council or the Street Committee, on their behalf, and any street or highway so disturbed by the aforesaid permission shall without delay, be put in as good condition by such person or persons as it was before the surface thereof was broken up or disturbed as aforesaid, and such person or persons shall, within a reasonable time, remove all surplus dirt or rubbish that that may have accumulated by reason of breaking up or disturbing the surface of such public street or highway, and shall also keep such parts of such public street or highway as shall have been broken up or disturbed by him or them, in good repair for the space of three months thereafter. And any person or persons who shall be guilty of a breach of the provisions of this Section may,on conviction thereof, be fined in any sum not exceeding Fifty Dollars.

5. Every person who in any thoroughfare or Public place of the said City shall throw or lay any dirt, litter, glass, ashes, carrion, fish, offal or rubbish, or throw or cause any such thing to go into any sewer, pipe or drain, or into any well, stream or water-course, or put the same into such a position that it may run into the harbour or into any pond or reservoir for water, or cause any offensive matter to run from any manufactory, stable, slaughter house, butcher's shop or dunghill or any uncovered place, whether or not surrounded by a fence or wall, shall be liable to a penalty not exceeding Twenty Dollars for each offence.

6. Every person who shall empty or begin to empty any privy or water closet within the said City, within the hours of six in the morning and eight in the evening, and who shall move along any thoroughfare any night soil, soap-lees, ammoniacal liquor, or other such offensive matter, between the hours of six in the morning and eight in the evening, or who shall at any time use for such purpose any cart or carriage not having a proper covering, or who shall wilfully or carelessly slop or spill any such offensive matter in the removal thereof, or who shall not carefully sweep or cleanse any such place in which any such offensive matter shall have been placed, spilled or dropped, shall be liable to a penalty not exceeding Twenty Dollars or not more than Eight Days' imprisonment for each offence.

7. Any person or persons who shall wilfully cut, hack, carve or otherwise deface, or injure or destroy any bridge within the City limits, or who shall ride or drive over any such bridge at a pace faster than a walk, shall be liable to a fine not exceeding Ten Dollars or to imprisonment in the Common Jail for a period not exceeding Four Days for each offence.

8. No person or persons, owner or driver shall allow his or their horse or horses to remain standing in or upon any of the streets or public places in this City without having the same securely fastened to a post or block of metal not weighing less than thirty-five pounds, or leaving some person in charge of the same, and any infraction of this section shall be punishable by a fine not exceeding Ten Dollars or imprisonment for a term not exceeding Four days.

9. The Mayor and Council shall have power under this By-Law to grade, gravel, metal, or make any other improvements in any street, alley or thoroughfare, within the City limits, whenever or wherever it shall be deemed by them expedient.

10. When any street or portion of a street is graded, gravelled or metalled it shall be lawful for the Mayor and Council, by an order in writing, to order the owner or owners of any lot or lots abutting on such street, or the agent or agents of such owner or owners to complete, at the expense of such owner or owners, the grading, gravelling or metalling of that portion of the street abutting upon his or their lot or lots, the grading, gravelling or metalling of which shall not have been completed by the Mayor and Council. And in the event of any such person or persons neglecting or refusing to comply with any such order for the space of One day, or such other period as may be specified in such notice, the said Mayor and Council shall be at liberty to cause to be graded, gravelled or metalled the portion of such street so ordered to be graded gravelled or metalled by the owner or owners of the lot or lots abutting thereon; and the expense, costs and charges thereof, shall be recoverable at law from such owner or owners; and if such expenses, costs and charges be not paid by such owner or owners or his or their agent or agents, within seven days after notice in writing, of the amount thereof; or of any judgment recovered in respect of such expenses, costs and charges, shall not be paid at once, the amount of such expenses, costs and charges of such judgment may be registered as a claim against the lot or lots abutting upon such street, the owner or owners of which shall have been ordered and failed as aforesaid to grade, gravel or metal the said street or some portion thereof.

11. If the owners of seven-tenths in value of lots in or abutting on any street or any portion thereof, in the City of Victoria, shall sign a requisition calling upon the Municipal Council to grade, macadamise, pave, fence, drain, water, light, sweep, lay down side-walks or otherwise improve the said street or portion thereof, or if the occupiers of seven-tenths of the lots abutting on any street or portion of any street, shall sign a requisition calling upon the Municipal Council to light, water, sweep or lay down side-walks in any such street or portion of such street (as the case may be), the said Municipal Council shall be empowered after giving in such manner as they alone shall deem expedient, not less than seven days' notice of such intention to each of the owners or occupiers (as the case may be) of the remaining three-tenths as shall not have signed the requisition, to levy, assess, and collect, a rate (not to exceed the amount to be estimated and mentioned in that behalf in such requisition) upon the owners or occupiers (as the case may be) of the lots in and abutting on such street or portion of street, in order to carry out such improvements, and may apply the rate when collected according to the prayer of such requisition, the Municipal Council approving such requisition, in such manner as they may appoint by By-Law.

12. No person shall wantonly fire or set off or discharge any guns, pistols, cannons, squibs, crackers, or fireworks of any kind or description, nor shall wear or carry on the person any loaded fire-arms or dangerous weapons about the person within the city limits under a penalty not exceeding Twenty-Five Dollars for each offence.

13. Any person or persons failing to comply with any Provision of this By-Law or any part thereof shall be subject to the penalties herein stated, and such penalties shall be recoverable summarily before any Justice of the Peace having Jurisdiction within the limits of the said City or other persons specially mentioned in this By-Law.

This By-Law may be cited for all purposes as "The Victoria Street By-Law, 1873."

FRENCH MEDICINES

Prepared by

GRIMAULT & CO.,

Pharmaceutical Chemists,

8, Rue Vivienne,

PARIS.

OF ALL THE MEDICINES OFFERED TO the public for many years past, none have met with such favorable reception, or as been so generally approved by the Medical Profession as those prepared by Messrs. Grimault & Co.

The model Laboratories of this firm, situated at Neuilly-sur-Seine, and managed by Dr. Leconte, Professor in the Faculty of Medicine, ex-Pharmacist of the Hospitals of Paris, and formerly Assistant to Dr. Claude Bernard, Professor of Physiology at the College of France, offers guarantees to be found in no other establishment.

Among other preparations we may specially mention:—

Leras' Liquid Phosphate of Iron.

It contains the constitutive elements of the bones and of the blood, add is the most rational of all chalybeates. It may be prescribed for the most delicate young females whose development has been retarded; for women suffering from stomach complaints, anæmia; for pale and sickly children deprived of appetite; and as its principal action is to restore to impoverished blood the iron in which it is deficient, and to the bones the phosphate that forms their base, it is recommended for debilitated persons whether their debility proceeds from disease or from any other cause. Its use is always attended with surprising results.

GRIMAULT & CO.'s
Syrup of Hypophosphite of Lime.

An excellent remedy for all affections of the chest; it relieves coughs, effectually prevents nocturnal perspiration and restors the patient's strength. This syrup is the only one which, ever since 1857, has invariably been attended with satisfactory results—a fact due to the purity of the hypophosphite employed. Be sure to observe that it bears the signature of Grimault & Co.

GRIMAULT & CO.'s
Iodized Syrup of Horse Radish.

Considered the best substitute for Cod-liver Oil. It has been ascertained by experiments made in the principal Hospitals of Paris that this syrup has always produced results superior to those obtained from the above-mentioned Oil, which patients find so disagreeable to take.

Not a single instance can be adduced in which pale lymphatic children, subject to swelling of the glands, to eruption of the skin, of the head or the face, or other inconveniences of a weak constitution, who have taken this syrup without deriving signal benefit from its use.

GRIMAULT & CO.'s
Pepsine Digestive Powders, Pills, Elixir and Wine.

Pepsine is one of the most recent scientific discoveries in therapeutics. Acting chiefly on the organs of digestion, it possesses the property of effecting digestion by its innate virtues. It removes all the inconveniencies of difficult digestion and even prevents the nausea to which pregnant women are liable.

The researches on pepsine made at the College of France by Dr. Leconte, in conjunction with Professor Claude Bernard, must secure the preference for our preparation of pepsine.

Lagasse's Syrup and Paste of Sea Pine Sap.

Employed with success in the treatment of catarrh, bronchitis, hæmoptysis, and the different stages of phthisis.

It cures spitting of blood, the most obstinate coughs, alteration of the voice, oppression and pains of the chest, the nocturnal paroxysms of asthmatics, and modifies the more serious lesions of the respiratory organs.

GRIMAULT & Co.'s
Matico Injection and Capsules.

Composed of the essence extracted from the plant so called, they have been constantly employed with the most brilliant success in a certain class of contagious diseases.

They combine extraordinary efficacy with the advantage of never causing nausea, eructations, or pains in the stomach, as do the gelatinous capsules which contain Balsam of Copahu in a liquid state; or the strictures that result from the use of injections having a metallic basis.

GRIMAULT & Co.'s
Pectora Lozenges of Lactucarium and Cherry Laurel.

This delicious comfit, containing the two most soothing substances of the whole Materia Medica is employed with success against coughs, influenza, bronchitis, hooping coughs, &c.

Asthma. Asthma.
GRIMAULT & Co.'s
Indian Cigarettes of Cannabis Indica.

All the means hitherto employed to relieve Asthma have been only palliatives in varied forms, based on belladona, stramonium, nicotiana, or opium. Recent experiments made in the Paris Hospitals have proved that our Cigarettes made of the extract of Indian Hemp possess remarkable virtues against this complaint, as well as against nervous coughs, chronic laryngitis, hoarseness, loss of voice, facial neuralgia, and insommonia.

Grimault & Co.'s Guarana.

A single powder of this vegetable production is sufficient to cure instantly the most violent sick headache. It is the most valuable remedy against diarrhœa, dysentery, and all disorders proceeding from derangement of the stomach or bowels. This powder is indispensable for all families, and far more efficacious than opium or sub-nitrate of bismuth.

GRIMAULT & Co.'s
Vermifuge Santonime Dragees.

Under the form of a comfit, equally pleasing to the taste and to the eye, they supply mothers with an easy and perfectly safe means of relieving their young children from intestinal worms, which are often the cause of convulsions.

Paleness of the skin and frequent irritation of the nose are nearly always the certain signs of the presence of worms. Preference ought always to be given in such cases to these dragees, the composition of which is well known and always the same, instead of those which are called vegetable, but often contain calomel or other forms of mercury.

GRIMAULT & Co.'s
Newfoundland Cod Liver Oil, and Cod Liver Oil, with Iodide of Iron.

The Cod-liver Oil which we offer to the profession and the public is especially extracted for our house in Newfoundland, and we can therefore guarantee its altogether exceptional purity.

Our Newfoundland Oil with Iodide of Iron, which contains in every tablespoonful two grains of pure iodide of Iron, is a valuable resource in lymphatic and scrofulous affections, as also in consumption.

Mr. F. W. Green, C. E., has been appointed by the Corporation as Engineer of the works to be constructed.
